**Subject:** **Manufacturer's Rep Notice:** Commercial 1.5 Inch valve Systems  
Now Available to Order

New commercial heavy duty water systems with 1.5 inch valves are now available to order. Years of development and testing went into our new 1.5 inch valve to make sure it performs exceptionally, giving you a strong platform full of new options for commercial applications. Modeled after our 2 inch commercial valve, the 1.5 inch valve expands our commercial product offering allowing you to offer a more competitively priced solution to your customers.

Manuals and shipping assemblies are available for download from the North Star Water website and Rep Portal. New commercial literature is also available.

Order today!
